

NO ORGANIC CHECKOFF!

Organic farmers built the organic movement to be DIFFERENT!

USDA Checkoff Taxes = BAD FOR FARMERS

In the first 15 years of the Pork Checkoff, **70% of family hog farmers went out of business.**

When hog farmers voted in 2001 to end the PORK TAX, the USDA ignored the results of the referendum—and they continue to collect a portion of hog farmers' paychecks.

Once we have it... WE CAN'T GET RID OF IT!

Organic = Grassroots

STOP a USDA mandatory organic checkoff tax from directing OUR future.

We can do better!
