## Animal Health, Herd Management and Organic Pasture

Ann Wells DVM
Springpond Holistic Animal Health
Prairie Grove AR
annw@pgtc.com

#### Animal Wellness Goals

- Manage the system to keep animals healthy
  - Holistic approach
    - Looks at animals and environment together
- Change one part of system to improve health of all parts of system
  - Over time, health of the system improves

# Pasture-The Best Medicine

A high availability of quality forage to graze and live

#### Preventive health

- Good animal husbandry practices
- Sanitation
- Observation
- Vaccinations
- Manage pasture to provide nutrition and animal well-being

#### **Herbal Leys**

- Mixtures of grasses, legumes, forbsNutritionalMedicinal
- Persistence of forbs requires long rest periods
- •Important compounds
  Phenols
  Terpenes

#### Mineral Contribution by Forbs

Compared to perennial ryegrass

Dock

Chickweed

Stinging Nettle

Buttercup

Dandelion

Chicory

Plantain

Burnet

Yarrow

White Clover
